## The Roland Green Parent Group (RGPG) needs YOU!

Roland Green Parent Group

The Roland Green Parent Group (RGPG) works to enhance our preschool community through social events and volunteerism. We organize 2 meetups per year, which allow students and parents from all classrooms to gather, interact, and have fun. Additionally, we have hosted clothing and food drives to benefit the Mansfield Community and provide two teacher appreciation events during the school year.

We rely completely on parent volunteers to make this all possible! We do not currently have any volunteers to continue the work of the group for the 2023-2024 school year. We need 2-4 parents to step up to organize the group and keep these social events and community initiatives going. These volunteer positions give you the opportunity to strengthen the Roland Green community and connect with other parents.
